

26th February 2021

Dear Parents/Carers

The government announced yesterday the arrangement for awarding GCSE and A level grades. I have enclosed below a diagram from Ofqual that explains their process in outline.

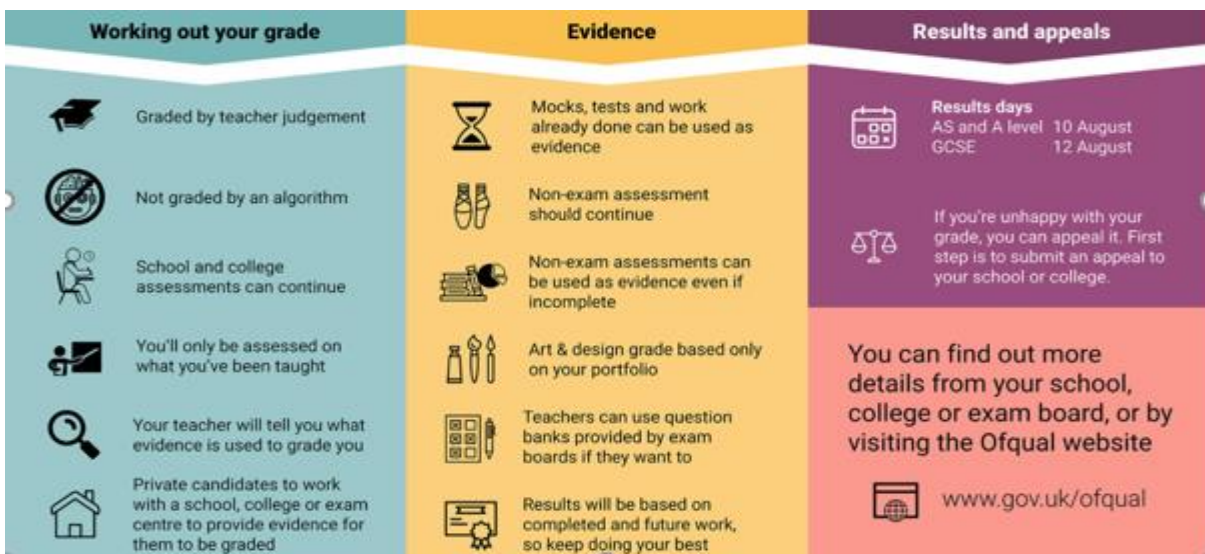

I will write to you later, after we have more details and clarifications, on what this means for your child and how/what we will collect as our evidence. Over the next few months we all, school, parents and pupils, need to work even more closely together to ensure that your child achieves their best results.

You can find more information on the government's announcements below:
