

10th May 2021

Dear Parent/Carer

As we approach the end of the Year 11 assessments, I would like to take this opportunity to thank you for your continuous support of your child and the school. These assessments were a crucial part of the Teacher Assessed Grade process that we are required to undertake this year. This is well underway and we are now moving into the next phase.

In the coming days, we will be identifying and supporting those pupils who are missing any assessments, and ensure all of our pupils have had the chance to demonstrate what they are capable of.

As this process is coming to an end, we are now focused on supporting your child with their transition to post sixteen education and we would like to prepare them as much as possible. In the coming weeks we have adjusted the school day to enable them to attend on-line sessions, for example with North Warwickshire and South Leicestershire College alongside other careers and transition activities.

Details of these activities will be shared with you shortly.

Our plan for weeks beginning 17th to 24th May is as follows:

- Week beginning 17th May – all Year 11 pupils to finish school at 2.15pm and leave to work from home, to continue with post sixteen preparation or stay in school by invite to complete any assessments missed/not completed.
- Week beginning 24th May – all Year 11 pupils to finish school at 1.15pm and leave to work from home, to continue with their post sixteen preparation or stay in school by invite to complete any assessments missed/not completed.
- Friday 28th May is the last day of Year 11 at school, subject to all assessments being completed by all pupils. All pupils finish at 12.15pm on this day

We will communicate with you further regarding hoodies, books and uniforms.

In the meantime, please do not hesitate to contact us if you have any questions.

Yours sincerely

A handwritten signature in black ink, appearing to read 'H Zakary', with a horizontal line drawn through it.
