

October 2021

**Design Technology and Vocational Faculty  
Art and Photography**

Dear Parent/Carer,

As creative subjects, we get inspiration from visiting museums and art galleries.

Unfortunately due to the impact of Covid-19, we are unable to take our students out to visit art exhibitions as we normally would.

With this in mind I wanted to bring to your attention that the 2021 Turner Prize is on at The Herbert Gallery & Museum in Coventry until 12th January 2022. This world famous art prize is rarely on our doorstep so I would like to take this opportunity to encourage you to visit this to support your child with some inspiration from outside of school. Tickets are free but they do need to be booked in advance.

Yours sincerely,

A handwritten signature in green ink that reads 'H. Clements'.

Mrs H Clements  
**Director of Learning for Technology and Vocational (including Art and Photography)**
